First, go to your WordPress dashboard. The next 5 steps will walk you through adding and installing a plugin—if you already know how to do that, you can install the Shareaholic Plugin on your own and then skip to <u>Step 6</u>. If you don't know how to install a plugin, on your dashboard, hover over "Plugins" and click "Add New."

Step 2

If you're not sure how to install a plugin, keep following along with me here. In the search box, type "Shareaholic" and hit "Search Plugins."

<u>Step 3</u>

On the Shareaholic Dashboard, you'll see our suite of tools available to you. I'm going to walk you through getting Analytics by itself (no sharing buttons or related content widget), but if you're interested in our other tools, they are easy to enable directly in the WordPress plugin dashboard.

To get analytics installed on your site, click "enable" next to Sexy Bookmarks.

Step 8

In the first option on the Sexy Bookmarks Settings screen, click "Yes". Also be sure to keep the "Enable 3rd Party Services to use the following features" because this is what allows Shareaholic Analytics to run on your site.

Step 9

I Menu Placement	
Need help with this? Find it in the official install guide.	х
Menu Location (in relation to content): Above Content Below Content Above & Below Content Manual Mode	
Posts, pages, categories or the whole shebang?	
✓ posts ✓ pages ✓ main index ✓ category index	
Show in RSS feed? • Yes ONo	
Hide menu from mobile browsers?	

Scroll all the way to the bottom to the "Menu Placement", click "Manual Mode", then click "Save Changes". That will make sure that Sexy Bookmarks *don't appear*, but Shareaholic Analytics *will* be enabled.

If you want to have sharing buttons appear on your site, do not enable "Manual Mode" and just click "Save Changes". This will make sure that Sexy Bookmarks *and* Shareaholic Analytics are enabled.

After you click Save Changes, you are good to go! Feel free to keep poking around the Shareaholic Plugin to enable other tools you may want as well, such as Recommendations.
